

Beontag E702 RFID Tag Specifications (74 x 20 mm)

Model:	Beontag E702 RFID White Wet Inlay
Dimensions:	74 x 20 mm
IC Type:	Impinj M750
EPC Memory:	96 bits
User Memory:	0 bits
TID Memory:	96 bits (48-bit unique serial number)
Frequency Range:	860-960 MHz (UHF, global)
Standard Compliance:	EPCglobal UHF Class 1 Gen 2 / ISO 18000-63
Antenna Material:	Aluminum
Substrate Material:	PET
Adhesive Type:	Acrylic
Operating Temperature:	-40°C to +85°C
Storage Temperature:	-40°C to +85°C
Read Range:	Up to 16 meters (depending on environment and reader)
Applications:	Apparel, retail, asset tracking, inventory management, logistics
